

Logging into My Union

There are multiple ways to navigate to the My Union page.

The best way is to type the address directly into the address bar of your web browser.
The address is <http://my.unionky.edu>

OR From both off campus and on, open the www.unionky.edu homepage.

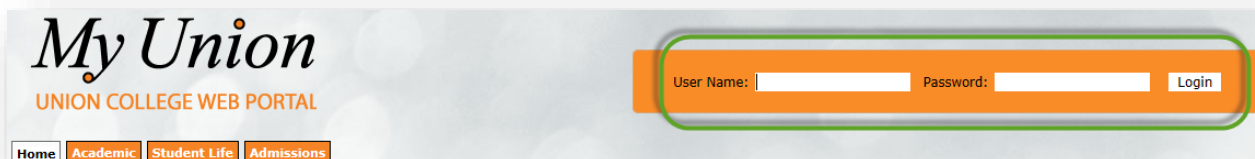

Scroll down to the bottom of the page and under the **Students** heading, click on the arrow next to **Logins** to find the **My Union** link and click on it.

Once you are at the site, log in using your network credentials. This is the same username and password that you would use to check your email or to log into a computer on campus.

Note: Do not include the @unionky.edu portion of your email address.

Enter your username and password into the appropriate fields near the top of the page on the right hand side of the screen and click the login button.

Please remember that these passwords are case sensitive, so be sure that your caps lock key is not engaged when typing it in.

Note: If you do become locked out, then your account will become unlocked in 15 minutes.

If you experience any issues please contact Tech Support at support@unionky.edu or (606) 546-1626.
