

UNION COLLEGE

Learning Contract: Experiential Education (Internship)

Union offers qualified students the opportunity to work independently to earn academic credit. This option is reserved primarily for juniors and seniors who have demonstrated the academic maturity to accomplish the rigorous requirements of independent inquiry and study. Registration for an Experiential Education Course (Internship) is during the normal registration period and follows that process.

Because of the nature of an Experiential Education Course (Internship), it cannot be used to satisfy Liberal Education Core requirements to replace required courses in the major, or to replace failing grades on a student's transcript.
